NPBS Boys' and Girls' Soccer Programs will be holding its annual summer camp. For beginner campers, the camp is designed to work on the players' technical ability at the basic level. For the more advanced campers, that have played for a while and have the basics down, the camp will be designed to further develop and refine their soccer skills at a higher level. The NPBS soccer coaches and several NPBS soccer players will train campers, grades 1-8. All levels of players are welcomed. This year we will divide campers into two skill groups based on what will best suite the camper's needs. Goalkeeper training will be available.
